**28 - 30 November 2018**

### Context

 CHRIST (Deemed to be University) was born out of the educational vision of St Kuriakose Elias Chavara, an educationalist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI) in 1831 which administers CHRIST (Deemed to be University). Established in 1969 as Christ College, it undertook path breaking initiatives in Indian higher education with the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education and adoption of global higher education practices with the support of creative and dedicated staff. The University Grants Commission conferred Autonomy to Christ College in 2005 and identified it as an Institution with Potential for Excellence in 2006. In 2008 under Section 3 of the UGC Act, 1956, the Ministry of Human Resources Development of the Government of India, declared the institution as Deemed to be University, in the name and style of CHRIST (Deemed to be University). One of the first institutions in India to be accredited in 1998 by the NAAC, and subsequently in 2004 and 2016 CHRIST (Deemed to be University) has the top grade 'A' in the 4-point scale.

The multi-disciplinary University which focuses on teaching, research and service offers Bachelors to Doctoral programmes in Humanities, Social Sciences, Science, Commerce, Management, Engineering, Education and Law to over 18000 students. The campus is a living example for the harmonious multiculturalism with students from all the states of India and from around 60 different countries. CHRIST (Deemed to be University) publishes six peer-reviewed research journals and has published around 200 books in Kannada and in English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence.

### Centre For Education Beyond Curriculum (CEDBEC)

The Centre has been conceived as an attempt to stimulate and rediscover through experience, the perspectives in education so that individuals and institutions reflect and rediscover themselves and move towards a sustainable progress in the educational arena.

Indian Higher Education has witnessed significant developments over the past three and a half years. There has been a systematic effort on the part of the government to bring about a fundamental change in Higher Education. The current debates and views indicate certain trends in Higher Education aiming at transparency and quality with emphasis on building world class institutions of eminence. The number of new policies in the context in which Higher Education institutions function has become a challenge. This calls for a debate among institution builders to analyse the trends in Higher Education as a paradigm shift is inevitable and institutions of higher education are to respond to these changes on a war footing to sustain excellence in the field. The emerging trends and contemporary transitions in higher education either anew or tied to the past needs to be discussed. The golden jubilee Colloquium on Higher Education: the Past and the Future will attract experts such as Vice Chancellors, Bureaucrats, Policy makers, Institutional builders and other Stakeholders involved in higher education to discuss the contemporary context of higher education in the light of past developments.

### Call for Papers and Presentations

Special Papers are invited on the following themes:

#### Themes

- Higher Education since Independence-A Retrospect and the Road Ahead
- Making Higher Education vibrant and result-oriented-the 21st Century Perspective
