# CURRICULUM FEEDBACK ANALYSIS 2018-19

The feedback was collected from all the stakeholders, analysis was done and the recommendations made are shown below. The feedback analysisfor the academic year 2018-19 is shown below.

Feedback From	No. of Responses	Excellent	Good	Satisfactory	Average	Need to improve
Students	17	42	34	20	5	0
Alumni	5	14	63	23	0	0
Teachers	14	18	61	19	1	0
Industry	2	0	67	33	0	0
Parents	2	33	67	0	0	0

The following observations & recommendations are made

To incorporate value added courses.

To include service learning as a part of societal importance and contribution to the students.

To include field practice to get hands on experience in civil engineering field.

To implement AICTE model curriculum which gives more weightage to interdisciplinary courses.
