

Hi,

I am extremely happy to be a part of the 'family day' at Christ University. Thank you for the warm welcome and a yummy lunch. Above all, I thank all my teachers for spending their time with us on a national holiday.

Regarding B.Ed course, I would like to suggest a few things to improve the syllabus.

- * Stress more on practicals during the methodology class, especially Science.
- * More classes regarding the usage of smart board.
- * Help the student-teachers to be tech-smart.

Thank you,

Manaramp

Since I came late, I'm just going to write down how I feel. It was wonderful meeting my teachers. I missed the fun bit of the event but managed to catch a few minutes of it - it's good ~~that~~ to ^{see} that vibrancy still exists in the School of Education; as always.

Thank you for these Alumni Meetings.
