ANALYSIS

1. Does the curriculum satisfy the stated objectives and learning outcomes?

25% rated the curriculum excellent in satisfying the stated objectives and learning outcomes, 50% said it is good and 25% rated it as satisfactory.

2. Do you have continuous processes to propose, modify, suggest and incorporate new topics in the curriculum?

25% rated excellent in terms of continuous processes to propose, modify, suggest and incorporate new topics in the curriculum 75% rated as good.

3. Is the curriculum effective in developing independent thinking?

25% rated the curriculum excellent in developing independent thinking, 25% said it good and 50% said it is satisfactory.

4. Does the departmental level expert committee meet to review the curriculum?

25% rated excellent, 50% said good, 25% stated it as satisfactory.

5. Does the curriculum enhance your knowledge in the subject area?

25% rated the curriculum excellent in enhancing their knowledge in the subject area and 25% rated it as good and 50% rated as average.

6. Does the curriculum enable the students to apply their knowledge in real life?

25% said the curriculum is excellent in enabling the students to apply their knowledge in real life, 25% said it is good and 50% rated it as satisfactory.

7. Does the curriculum demand the teachers for research inclusive teaching?

25% rated as excellent, 50% rated as good and 25% rated it as satisfactory.

ACTION TAKEN REPORT

In general, curriculum is good but still there's scope for improvement. More industry oriented / application oriented activity work could be added in the curriculum. This Suggestion is put forward to curriculum development cell.

Is the curriculum designed to have a component on value based education?

 Copy

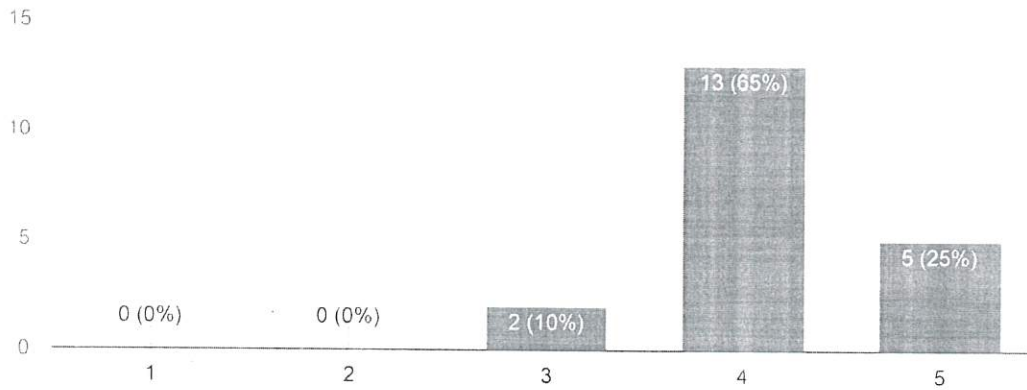

20 responses

Does the curriculum have components to serve the needs of the society?

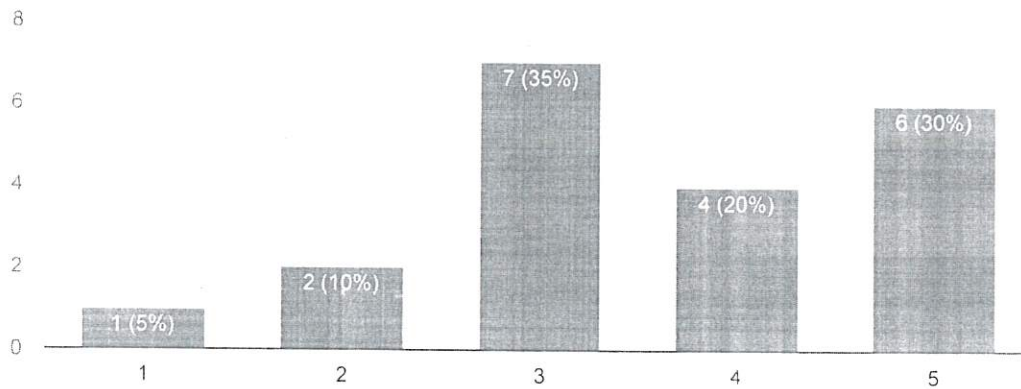

20 responses

Does the curriculum promote self-study and attitude of research?

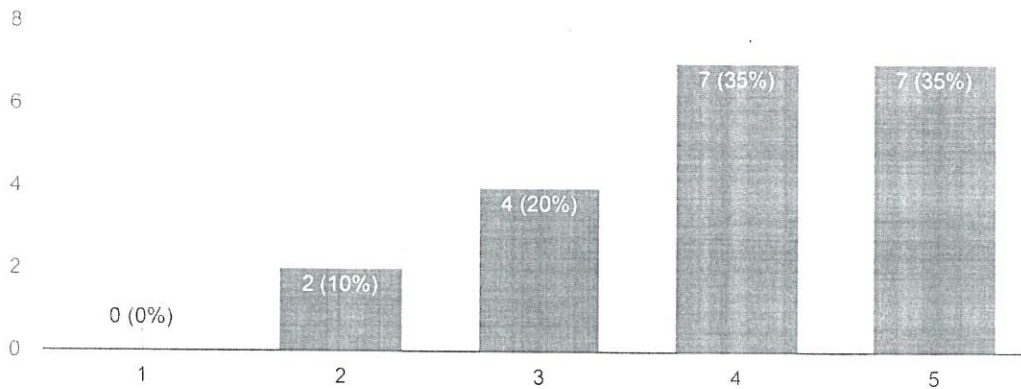

20 responses

Does the curriculum help the students to enhance their personality?

20 responses

General Comments and Suggestions:

13 responses

The college should be less strict about attendance as students also need some time for self study at home

If a student gets off at 3:30 and there are multiple deadlines on the same day, how can one concentrate on their self study if he or she is busy doing projects or assignments? They need to improve their practical knowledge, so don't overbook their schedule and allow them to do some self study as well.

Although there isn't much pressure right now, by the time they reach midterm, they will be so busy that they won't have time for self-study.

Mostly satisfactory, I'm happy to send my kid to your institution

Good

Should add some subjects related to non academic life.

Transport facility needs to be improved for local students.

I am happy with the college environment and the cooperative faculties. Such type of environment helps the students in their overall personality development.

Not much information or knowledge about what is being taught, but would like to see students to be more interested in research and innovation

NIL

Should be Given less Assignment

Satisfactory

No

Most of the parents have limited knowledge about the course which have been taken by their children therefore educating the parents about the curriculum, scope of the chosen course and how it will be helping the their children in shaping the career will be a better way and then taking a feedback would be better. Second children might not come to the counsellor for guidance therefore to make job oriented counselling a compulsory for the children especially second year so that the child has an year to think and decide.

Should be more cooperative to students

Teachers should be more cooperative to the students if the students are suffering from fever they should cooperate with us and give a little bit leverage

Nice

The overall structure is good and the focus on practical things makes it even better than other universities.

The curriculum and the exams focus on rote learning.

Our current syllabus mainly focuses on covering the basics of each course in the programme but the advanced topics are somehow getting left out either due to time-shortage or sometimes even due to disinterest of students. That is something that seriously needs to be worked upon.

Nil

Na

old syllabus some new subjects could be added or content can be updated.

Newer topics, languages and frameworks should be introduced replacing the old ones.

no

Curriculum should also focus on workload as well if possible .

Remove Applied Excel from our present course plan. We've already studied excel to a great extent in the previous semester.

The additional subjects - have 2 english, It would be a great please to convert one one the subjects into french or german as of other courses are provided

More emphasize on practical applications!!

B. Sc. Economics, Mathematics and Statistics

ANALYSIS

1. Does the content of the curriculum satisfy the stated objectives and learning outcomes?

From graph, it can be analyzed that 64.7% students found it good, while 17.6% students found it excellent. 11.8 % considered it satisfactory and 5.9% percentage of students found it to be of average quality and mentioned it needs to improve.

2. Does the curriculum cover advanced topics?

50% students find the curriculum good in terms of advancement of topics, 12.5% find it excellent, 31.3 % find it satisfactory in terms of advancement of topics while 6.3% consider it average and said it needs to improve.

3. Is the curriculum effective in developing critical/ analytical thinking?

5.9% students think curriculum is excellent in developing critical/ analytical thinking, 70.6% consider it good, 23.5% think it is satisfactory and feel it needs improvement in terms of developing critical/ analytical thinking.

4. Whether the curriculum enhances your knowledge and skills in the relevant domain?

17.6 % consider it excellent, 47.1% find it good, 29.4% consider it satisfactory while 5.9% think it needs to be improved in terms of enhancement of knowledge and skills in the relevant area.

5. Are the textbooks and reference materials relevant to the content of the curriculum?

17.6% considers the curriculum excellent in terms of text books and reference materials, 41.2% finds it good, 29.4% considers it satisfactory and 11.8% said it is average.

1. Does the curriculum orient towards higher education?

17.6% students find it excellent, 58.8% consider it good, 23.5% find it satisfactory

7. Does the curriculum enable the students to apply their knowledge in real life situations?

5.9% finds it excellent in enabling the students to apply their knowledge in real life situations, 52.9% considers it good, 35.3% thinks it is satisfactory, and 5.9% consider it needs to be improved in terms of enabling the students to apply their knowledge in real life situations.

8. Is employability given weightage in the design and development of curriculum?

52.9% good, 35.3% satisfactory and 6% considered it needs to be improved in terms of weightage of employability in the design and development of curriculum.

9. Does the curriculum promote self-study and attitude of research?

5.9% finds it excellent in terms of promoting self-study and attitude of research, 52.9% considers it good, 29.4% thinks it is satisfactory and 11.8% consider it needs to be improved in terms of promoting self-study and attitude of research

10. Does the curriculum meet your overall expectations?

11.8 % said it is excellent in meeting their overall expectations, 41.2 % said it is Good, 35.5 % thinks it is satisfactory and 11% think it needs to improve.

ACTION TAKEN REPORT

On the basis of above analysis following actions have been recommended to the CDC for the necessary revisions in the curriculum

1. Curriculum needs to be oriented more towards the attainment of domain specific knowledge.
2. Curriculum should cover advanced topics.
3. Students should be made aware of learning outcomes so that they can directly relate it to their curriculum.
4. Inclusion of more advanced subjects which calls for critical/analytical thinking having direct linkage to real life problems along with practical domain specific subjects.
5. Curriculum should promote self-study and research attitude among students.

B. Sc. Data Science and Artificial Intelligence

ANALYSIS

1. Does the content of the curriculum satisfy the stated objectives and learning outcomes?

From graph, it can be analyzed that 50% students found it good, while 25% students found it excellent. 12.5 % considered it satisfactory and 12.5% percentage of students found it to be of average quality and mentioned it needs to improve.

2. Does the curriculum cover advanced topics?

37.5% students find the curriculum good in terms of advancement of topics, 25% find it excellent, 25 % find it satisfactory in terms of advancement of topics while 12.5% consider it average and said it needs to improve.

3. Is the curriculum effective in developing critical/ analytical thinking?

37.5% students think curriculum is excellent in developing critical/ analytical thinking, 25% consider it good, 37.5% think it is satisfactory and feel it needs improvement in terms of developing critical/ analytical thinking.

4. Whether the curriculum enhances your knowledge and skills in the relevant domain?

42.9 % consider it excellent, 42.9% find it good, 14.3% consider it satisfactory.

5. Are the textbooks and reference materials relevant to the content of the curriculum?

25% considers the curriculum excellent in terms of text books and reference materials, 62.5% finds it good, 12.5% considers it satisfactory.

6. Does the curriculum orient towards higher education?

17.6% students find it excellent, 58.8% consider it good, 23.5% find it satisfactory

7. Does the curriculum enable the students to apply their knowledge in real life situations?

12.5% finds it excellent in enabling the students to apply their knowledge in real life situations, 75% considers it good, 12.5% thinks it is satisfactory in terms of enabling the students to apply their knowledge in real life situations.

8. Is employability given weightage in the design and development of curriculum?

25% excellent, 50% good, and 25% satisfactory a in terms of weightage of employability in the design and development of curriculum.

9. Does the curriculum promote self-study and attitude of research?

25% finds it excellent in terms of promoting self-study and attitude of research, 50% considers it good, 25% thinks it is satisfactory in terms of promoting self-study and attitude of research

10. Does the curriculum meet your overall expectations?

25 % said it is excellent in meeting their overall expectations, 25 % said it is Good, 50 % thinks it is satisfactory.

ACTION TAKEN REPORT

On the basis of above analysis following actions have been recommended to the CDC for the necessary revisions in the curriculum

1. Curriculum needs to be oriented more towards the attainment of domain specific knowledge.
2. Curriculum should cover advanced topics.
3. Students should be made aware of learning outcomes so that they can directly relate it to their curriculum.
4. Inclusion of more advanced subjects which calls for critical/analytical thinking having direct linkage to real life problems along with practical domain specific subjects.
5. Curriculum should promote self-study and research attitude among students.

Bachelor of Computer Application

ANALYSIS

1. Does the content of the curriculum satisfy the stated objectives and learning outcomes?

From graph, it can be analyzed that 47.8% students found it good, while 21.7% students found it excellent. 18.8 % considered it satisfactory and 10.1% percentage of students found it to be of average quality and mentioned it needs to improve.

2. Does the curriculum cover advanced topics?

39.1% students find the curriculum good in terms of advancement of topics, 15.9% find it excellent, 34.8 % find it satisfactory in terms of advancement of topics while 5.8% consider it average and said it needs to improve.

3. Is the curriculum effective in developing critical/ analytical thinking?

20.3% students think curriculum is excellent in developing critical/ analytical thinking, 39.1% consider it good, 27.5% think it is satisfactory and feel it needs improvement in terms of developing critical/ analytical thinking.

4. Whether the curriculum enhances your knowledge and skills in the relevant domain?

18.8 % consider it excellent, 44.9% find it good, 26.1% consider it satisfactory.

5. Are the textbooks and reference materials relevant to the content of the curriculum?

23.2% considers the curriculum excellent in terms of text books and reference materials, 34.8% finds it good, 27.5% considers it satisfactory.

6. Does the curriculum orient towards higher education?

21.7% students find it excellent, 36.2% consider it good, 30.4% find it satisfactory

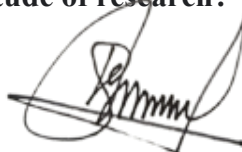

7. Does the curriculum enable the students to apply their knowledge in real life situations?

26.1% finds it excellent in enabling the students to apply their knowledge in real life situations, 27.5% considers it good, 23.2% thinks it is satisfactory in terms of enabling the students to apply their knowledge in real life situations.

8. Is employability given weightage in the design and development of curriculum?

21.7% excellent, 27.5% good, and 30.4% satisfactory in terms of weightage of employability in the design and development of curriculum.

9. Does the curriculum promote self-study and attitude of research?

23.2% finds it excellent in terms of promoting self-study and attitude of research, 33.3% considers it good, 24.6% thinks it is satisfactory in terms of promoting self-study and attitude of research

10. Does the curriculum meet your overall expectations?

21.7 % said it is excellent in meeting their overall expectations, 33.3 % said it is Good, 23.2 % thinks it is satisfactory.

ACTION TAKEN REPORT

On the basis of above analysis following actions have been recommended to the CDC for the necessary revisions in the curriculum

1. Curriculum needs to be oriented more towards the attainment of domain specific knowledge.
2. Curriculum should cover advanced topics.

B. Sc. Computer, Mathematics, Statistics

ANALYSIS

1. Does the content of the curriculum satisfy the stated objectives and learning outcomes?

From graph, it can be analyzed that 60% students found it good, while 10% students found it excellent. 20 % considered it satisfactory and 10% percentage of students found it to be of average quality and mentioned it needs to improve.

2. Does the curriculum cover advanced topics?

50% students find the curriculum good in terms of advancement of topics, and 50 % find it satisfactory in terms of advancement of topics.

3. Is the curriculum effective in developing critical/ analytical thinking?

20% students think curriculum is excellent in developing critical/ analytical thinking, 50% consider it good, 30% think it is satisfactory and feel it needs improvement in terms of developing critical/ analytical thinking.

4. Whether the curriculum enhances your knowledge and skills in the relevant domain?

40 % consider it excellent, 40% find it good, 20% consider it satisfactory.

5. Are the textbooks and reference materials relevant to the content of the curriculum?

30% considers the curriculum excellent in terms of text books and reference materials, 60% finds it good, 10% considers it satisfactory.

6. Does the curriculum orient towards higher education?

20% students find it excellent, 60% consider it good, 20% find it satisfactory

7. Does the curriculum enable the students to apply their knowledge in real life situations?

10% finds it excellent in enabling the students to apply their knowledge in real life situations, 50% considers it good, 40% thinks it is satisfactory in terms of enabling the students to apply their knowledge in real life situations.

8. Is employability given weightage in the design and development of curriculum?

10% excellent, 80% good, and 10% feel it needs improvement in terms of weightage of employability in the design and development of curriculum.

9. Does the curriculum promote self-study and attitude of research?

10% finds it excellent in terms of promoting self-study and attitude of research, 80% considers it good, 10% thinks it is satisfactory in terms of promoting self-study and attitude of research

10. Does the curriculum meet your overall expectations?

66.7 % said it is good in meeting their overall expectations, 22.2 % said it is Good and 11.1 % feels it need improvement.

ACTION TAKEN REPORT

On the basis of above analysis following actions have been recommended to the CDC for the necessary revisions in the curriculum

1. Curriculum needs to be oriented more towards the attainment of domain specific knowledge.
2. Curriculum should cover advanced topics.
3. Students should be made aware of learning outcomes so that they can directly relate it to their curriculum.
4. Inclusion of more advanced subjects which calls for critical/analytical thinking having direct linkage to real life problems along with practical domain specific subjects.
5. Curriculum should promote self-study and research attitude among students.
