

Feedback on feedback report on syllabus by Students, Faculty and Parents

Feedback Analysis

As we know that Feedback on syllabus is one of the essential components for improvisation of quality of education and research, so forms were circulated amongst some students, faculty members and parents to gain their insight into subjects which are offered for BALL.B and BBALL.B Program. It was primarily observed from feedback analysis that there is need to provide some training for Preparing students so that they can participate in National and international moot. It was also observed from feedback that they should have good command over drafting. They should be given some basic training for Legal awareness program.

Action Taken

- a. School of Law invited alumni who were good mooters in college to train budding lawyers for same.
- b. The School of Law decided to train them in writing by allotting assignments. Teachers used to give topics to students and used to check written drafts by students.
- c. The School of Law started organizing legal awareness program in school in online mode as we were not at campus because of covid.
