

Department of Psychology
FEEDBACK ANALYSIS 2018-19

The curriculum development cell (CDC) of the department collects feedback from students, teachers, industry experts and alumni every year to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms collected will be analyzed and appropriate action will be proposed for improving the quality of the curriculum.

Practices

CDC sends out feedback forms to different stake holders in the month of October-November every year the collected forms are analyzed and major suggestion from each stake holders will be presented and an action taken report will be updated based on the feedback analysis.

Feedback From	Percentage	Satisfied %	Good %	Excellent %
Student (PG)	168	37	43	20
Teachers	15	20	80	80
Parents	06	33	73	0
Student (UG)	59	44	50	6
Faculty	09	75	20	5

Suggestions form teachers:

Teachers Emphasized the importance of updating the syllabus based on the current trends in psychology but also cautioned the need to also frame syllabus considering the level of teaching.

Also noted that the 70-30 marking system has proven to be effective with respect to retaining the learning because more weight was given to hands-on learning over theoretical learning.

Suggestions form students UG

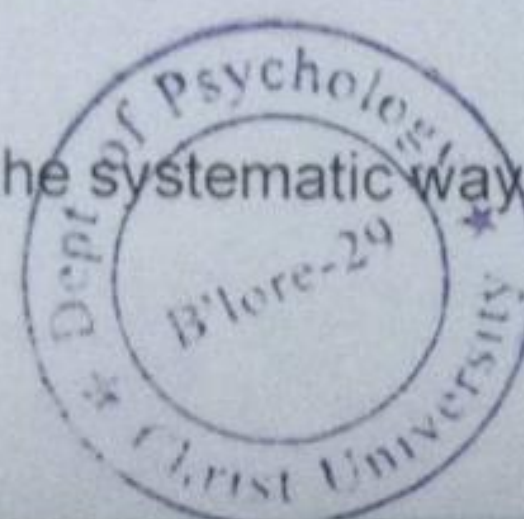

Students were mostly happy with the syllabus and were also looking forward to some skill based certificate programs. Proposed if the title of the paper for Basic psychological processes 2 could be changed to *Foundations of Cognitive Neuropsychology and forensic psychology*

Suggestions form students PG

1. Add more evidence-based practices in therapeutic intervention
2. More awareness of laws in India related to Mental health Practices
3. Students need to know the implication of lifespan development in counseling practice
4. References need to be updated to latest editions

Feedback from Parents

1. Overall, the parents appreciated the syllabus and the systematic way of

T. S. S. 2018

- conducting classes.
2. Parents reported that they were satisfied with the curriculum and have not suggested any specific changes
