Days- November 19-20, 2019

Facilitators- Dr Suparna Majumdar Kar and Dr Sweta Mukherjee, TLEC

The workshop on teaching, learning and assessment was spread over a period of two days. The faculty at the Pune Lavasa campus was divided into two groups. The workshop began with an

introduction to learning outcome based curriculum framework, a brief presentation on the need of LOCF, and its iteration in the course plan was made by the TLEC team. This was followed by reviews of course learning outcomes, assignment design and evaluation rubrics of a few randomly selected samples. The review was a collective process where the participants and the facilitators worked together. The participants were then signed into a google classroom and were asked to work on their individual course plans and submit it to the team. A few course plans were reviewed collectively. The participants were given two weeks from the date of the workshop to modify their course plans and submit it to TLEC. TLEC would further do a review of these course plans and give a report to the faculty at Pune Lavasa Campus. A decision was also taken to work with the training of trainer model and have an extended team from the Pune Lavasa Campus.
