

8) Workshop based on skill development in Blockchain technology

A workshop on Blockchain Technology and Bitcoins was organised on 9 February, 2019, Saturday for all the 3 years of BCOM (International Finance)

Time : 9 am to 12 pm

Venue : room # 205

Profile of the trainer:

Prasoon Mukerjee has more than 20 years of combined experience in IT Consulting and Capital Market operations having worked as a domain specialist and functional architect in multiple streams of IT functions that includes Portfolio Accounting, Mutual Fund Analytics, Securities Lending & Borrowing, Custodial Operations, Corporate Actions Processing and others areas of Capital Markets. Currently he is employed with Societe Generale Bank, leading the Fund Services and Custody Operations Unit in delivery and IT strategy. Previous to joining Societe Generale, he has worked in the consulting space with Sapient Global Markets and the Financial Services GBU of Oracle. At Sapient he was playing a leadership role in delivery, consultative business development & client relationship management along with P&L responsibilities. He has spent a significant part of his career at Oracle playing a domain specialist's role in multiple streams that includes Portfolio Accounting, Mutual Fund Analytics, Securities Lending & Borrowing, Custodial Operations and Corporate Actions Processing. Previously, Prasoon was in employment with Temenos in the role of a functional architect specializing in the development of applications in Fund Administration & Fund Accounting space. And his prior domain experience is in Capital Markets, working for Stock Holding Corporation of India Ltd – India's Premier Custodial and the Largest Depository Participant in the Country. By virtue of having been in the industry for close to 19 years, during a time when the financial sector is continuously witnessing disruptive changes in the electronic segment, with the introduction of complex trading instruments, shortening of settlement cycles, host of regulatory changes and how they hook up with multi-channel online applications he has led many of these engagements successfully into production. He has gained extensive International exposure having executed, delivered and managed large projects in various capacities across North America, Europe & APAC partnering with institutions in the BFSI domain. Academically, graduating with 1st Class from St Xavier's College, Calcutta and further successfully completing MBA with specialization in "Finance" from IISM Ranchi, Prasoon has also completed DBF from ICFAI (with Merit Scholarship). He is SAFe Certified, has been a participant to various Management Development Programs in diverse areas and has successfully got NCFM Certification in Mutual Funds and Depositories from AMFI & NSDL.

Workshop on skill development

Resume

Prasoon Mukherjee

Passionate about being at the leading edge of emerging technologies and their adoption in financial markets

- Early Career**
- Capital Markets Operations
 - Business Analyst
 - Clearing & Settlement
 - Depository Operations

- Mid Career**
- Process Management
 - Responsibility for P&L
 - Managing Relationships

- Leadership**
- Business Growth
 - Driving Innovation
 - Driving Innovation
 - People Growth
 - Adapt to Change

Education

- Banking & Finance
- Economics
- International Finance
- Taxation & Accounts
- Capital Markets
- Emerging Technology
- Disruption & Innovation

Experience

- Front, Middle & Back Office
- Custody & Depository
- Fund Accounting & TA
- Risk & Compliance
- Fund Analytics
- Securities Lending
- Investment Banking

Organizations

- 2002 Standard & Poore (London)
- 2004 Deutsche Bank (New York)
- 2008 State Street Bank (Boston)
- 2012 UBS (Singapore & Toronto)
- 2014 Fidelity (Bangalore)
- 2014 ANZ (Bangalore)
- 2018 Societe Generale Bank (Mumbai)

What we will cover ?

Blockchain 1

- At Handout – What are we trying to solve?
- Blockchain – The Framework
- Bitcoin & Blockchain

Transaction Lifecycle using Wallet

Blockchain 2

- Smart Contracts & Tokens
- Permissioned & Permissionless Blockchain
- Use Cases By Industry
- Cryptocurrencies – Money Currency or a Commodity?

Department of Professional Studies
Blockchain
