

21) Webinar (Seminar) on personal skill development: Mindshift.

The world, under the reign of Corona is different and a difficult one. Not only is our physical well being at stake, but also our mental health is under threat. Subsequent lockdowns, the pressure of managing our personal and professional lives at the same time and space, and a prevailing uncertainty about the future, often takes a severe toll on the mind. Therefore, there is a constant need to keep a check on our mindset, not only to survive but also to succeed during this testing period. To address the same, the Department of Professional Studies, CHRIST (Deemed to be University), conducted its very first Webinar on MINDSHIFT: Breakthrough Principles to Success. The workshop based webinar was conducted by Mr Sreejith Krishnan, a life coach and a seasoned facilitator. He has educated, inspired and transformed thousands of people. He is committed to giving you the best tools, strategies and resources to help one excel in all walks of life. The webinar focused on the power of thoughts, mind and body connection. He also demonstrated the requirements of mind control that helps one focus and increase productivity that eventually leads to success. The webinar was attended by over 600 participants.

Seminar on personal skill development
